

Engineering

EXPLORE

- PACIFIC RESOURCES INTERNATIONAL (PRI) is a privately held USA holding company for manufacturing investments in China
- We have worked with companies ranging in size from \$3M to \$4BN with varying degrees of engineering support
- For example we have worked with a multi-billion auto parts company that has seen sourcing go from \$200K a year to just over \$2.5MM in 2 years. This has been an electrical-engineering project, using our experienced electrical engineering team

- Our China HQ is in Beijing, but we also have 10+ locations across mainland China where we operate from.
- This means your company's engineering support can be located at many tier 1 and many tier 2 cities across China.
- PRI's engineering support also extends to setting up a supply chain, setting up quality manufacturing and also quality checking.
- Our highly qualified and experienced staff from UK, China, Malaysia and the US means we understand how foreign companies need to work in China.
